

# INDUSTRY CONNECT

[ICT CONNECT](#) In the wake of the growing need to stay abreast with latest technology corporates are striding to enable all possible tools to their employees.

The task for the IT managers now is to ensure the best equipment & services are offered and IndiaIT360 provides a platform to do that. Not just limiting themselves to avail requisitions from only their existing vendors, they can now reach out to a plethora of options from the IndiaIT360 registered members pool.

The main objective is to bring in customers who can post all their IT requirements on our portal, interested partners can place their bids to get the tender.

A reverse auction process will also be created to arrive at the most cost effective proposal.
